### A SWEEPING CLEAN-UP TO "CLEAR THE DECKS" PREPARATORY TO STOCK TAKING

Good merchandising, like good housekeeping, requires a thorough cleaning of the store at least once a year. One of our annual clean-ups begins Monday, and it includes all the small lots, broken assortments and a great part of our regular stocks—all marked at prices out of which all profit has been cut.

We "take stock" in a few weeks. To anyone acquainted with modern department store methods, that statement alone signifies what this sale is. We want our stock-sheets to be entirely free from small lots and broken assortments; and we want to carry just as little of our regular stocks as is necessary to good storekeeping.

In order to accomplish a clearance with the loss of as little time as possible, we have unhesitatingly cut prices! On small lots and incomplete assortments which MUST be cleared out, prices have been slashed to a mere shadow! On complete, regular stocks, on which a reduction is desirable, prices have been cut to cost and less.

We make no claim for this Inventory Sale that the bargains themselves will not back up. The sale starts Monday, January 4th, and continues until January 18, when stock-taking begins.

### INVENTORY SALE OF WOMEN'S COATS, SUITS AND OTHER APPAREL

The styles are fashionable—the garments are desirable in every way—but a clearance must be made, so the following drastically reduced prices will be offered. Practically our entire stock of women's dresses, suits, skirts, coats, capes, waists, bathing suits and sweaters is included in this pre-stock-taking clearance.

### PARISIAN EVENING GOWNS AT 25 PER CENT REDUCTION

Our entire remaining stock of Parisian evening gowns will be offered at a straight reduction of 25%. Many becoming gowns are here for every woman. An early visit is desirable if you wish to obtain the best selection.
